Key Facts:

The Anglo-Saxons are made up of three tribes who came to England from across the North Sea around the middle of the 5th century: the Angles, Saxons and Jutes.

For a long time, England wasn't really one country - Anglo-Saxon kings ruled lots of little kingdoms across the land.

Egbert was the first Anglo-Saxon king to rule England. The last Anglo-Saxon king was Harold II in 1066.

The two most famous Anglo-Saxon kings are Alfred the Great and Canute the Great.

The Anglo-Saxon period covers about 600 years, and Anglo-Saxon kings ruled England for about 300 years.

Some of our modern English words, such as the days of the week, come from the Anglo-Saxon language (sometimes called Old English).
