

Autumn 2 - Topic: Rivers

- Where do rivers begin?
- What are the main features of a river?
- How do rivers shape the land?
- What is the difference between a river and canal?
- Where are the main rivers in the UK?
- Why do we have wetlands?

source	stream	waterfall	tributaries	oxbow lake
meander	floodplain	delta	estuary	mouth
erosion	upper course	middle course	lower course	canal
