Dear Parents and Carers

Introducing the "Under the Weather Form"

We are pleased to introduce our new "Under the Weather" form. We know that there are times when a child is not feeling 100% but is still well enough to attend school and parents wish to make us aware of minor illnesses, injuries, headaches or other issues that may affect their child during the school day.

In these situations, you can complete the "Under the Weather" form before your child arrives at school. The form will allow you to let us know:

- That your child has been feeling unwell that morning.
- What symptoms they have experienced.
- Anything you feel we should be aware of during the school day.
- Any simple measures that may help your child feel more comfortable.
- A contact name and phone number for an adult that will are able to contact on the day if your child's health deteriorates.

This form allows families to share important information with us before the school days begins so that staff can provide appropriate support and understanding.

Please note that the form is intended for children who are well enough to attend school. If your child is too unwell to participate in their normal school activities, please follow the school's usual absence and illness procedures and keep them at home.

We hope that this new system will help support communication between home and school. A link for the form is below; the form is also available on the school website Parent page.

Orchard Primary & Pre-School - Under the Weather Form

Thank you for your continued support and cooperation.

Kind Regards

Sarah Bitcon
