

10 Minute Challenges - Summer 2 - Week 1 - 03/06/24

	Challenge:						
Task 1	<p>In class in our handwriting lessons we've been practicing writing pangrams (sentences that include every letter of the alphabet). Please practice the pangram below and make note of any letters that may need additional practice over the coming weeks. Are the descending letters dangling their tails? Are the letters the correct size? Are we confident with the joining techniques we learnt in the Autumn term e.g. robot arm? Write the sentence three times to practice.</p> <p style="text-align: center;"><i>The five boxing wizards jump quickly.</i></p> <hr/> <hr/> <hr/> <hr/>						
Task 2	<p>We appreciate that the children are working against individual targets / Times Tables and we will continue to complete our weekly test to see the tables / calculations that need working on throughout the rest of the Summer term. Please continue to practice on TT Rockstars, we'll be continuing to celebrate our Rockstar of the week in celebrations assembly.</p> <p>Below is a little reasoning to see if we can apply our knowledge of the 2, 5 and 10X tables beyond our known facts.</p> <p style="text-align: center;">Look at the numbers below. Can you sort them into the correct spaces in the table using your knowledge of numbers and multiplication?</p> <p style="text-align: center;">32 150 45 30 75 84 100 95</p> <table border="1" style="margin-left: auto; margin-right: auto;"><thead><tr><th data-bbox="280 1429 643 1514" style="text-align: center;">2×</th><th data-bbox="643 1429 1005 1514" style="text-align: center;">5×</th><th data-bbox="1005 1429 1367 1514" style="text-align: center;">10×</th></tr></thead><tbody><tr><td data-bbox="280 1514 643 1787"></td><td data-bbox="643 1514 1005 1787"></td><td data-bbox="1005 1514 1367 1787"></td></tr></tbody></table>	2×	5×	10×			
2×	5×	10×					
Task 3	<p>In class we've noticed that the children are very good at discussing and answering questions around stories that they have read multiple times e.g. in phonics or guided reading. However, we aren't as confident answering questions / discussing books / texts that we've read cold once. We will be continuing this ½ term with our 60 second reads and building in more opportunities for reading extracts in school.</p>						

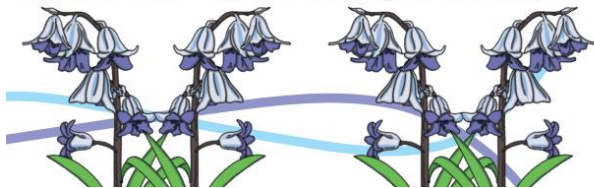

Bluebell Farm

9 Are you looking for something to do during the
17 summer holiday? Come to Bluebell Farm for a
24 day filled with fun! Meet wonderful animals,
33 such as the horses, pigs, goats and chickens. You
43 may even be lucky enough to feed the lambs or
46 pet the rabbits!

57 Ride on the tractors or find your way out of the
66 maze. There is an amazing park for children to
75 play in and a fantastic coffee shop that serves
77 delicious treats.

86 A great place for the whole family. Book your
88 ticket now!

95 Open 10am - 6pm on Mondays to Saturdays.

Quick Questions

1. Name **two** animals that you can find on the farm.

2. Why do you think the text says **A great place for the whole family**?

3. Number the lines from 1-3 in the order they appear in the text.

It is open 10am - 6pm on Mondays to Saturdays.

There is an amazing park for children to play in.

You can feed the lambs.

4. Find and copy one word which means the same as 'tasty'.

Task
4

Our show & tell this ½ term will aim to embed the knowledge from our Summer 1 topic focusing on Jim and the Beanstalk.

In the first week of our topic we were presented with mystery magical seeds. The children planted their seeds and decided upon a watering schedule. We know that some of these seeds flourished and some perhaps had a little too much to drink.. it was a bit of a learning curve.

At home this week, please plant some seeds or bulbs of your own (they can be anything you like).

What does your seed need to grow?

What will you plant your seed in?

Where will you put your seed / pot? Why?

How often will you be watering your seed?

Note: If you've managed to re-plant the plants from school we'd love to see an update on their progress this week as well.

Talk about your seed and planting decisions to the above questions in Friday's show & tell.
