Dear Parent/Carer

Orthoptic Vision Screening Tests in Schools

Worcestershire Specialist Children’s Service offers a routine vision test to every child in the Reception year. The Orthoptist will be attending your child’s school soon to test their vision.

You will be informed of the results of the test. If your child does not pass the vision test, we will let you know what to do next.

The school may also be informed of the result of your child’s test.

If you do not wish your child to receive this vision test or if they are already under an Orthoptist please fill in the bottom of this form and send it back to your child’s class teacher as soon as possible. If you have filled in the bottom of the form your child will **not** be tested.

Your child will be automatically screened by the Orthoptist unless you opt out by completing the section below

For more information about vision screening there is a Public Health leaflet available, please visit:

<https://www.gov.uk/government/publications/child-vision-screening-information-for-parents>

If you would like to know more about how the Trust handles Personally Identifiable Information, please visit www.worcsacute.nhs.uk/gdpr

Thank you

Jonathan Graves
Head Orthoptist

✂-----

I **do not** wish my child to receive the Orthoptic vision screening test
